LORGAR

# MAIN 133/ 135/139

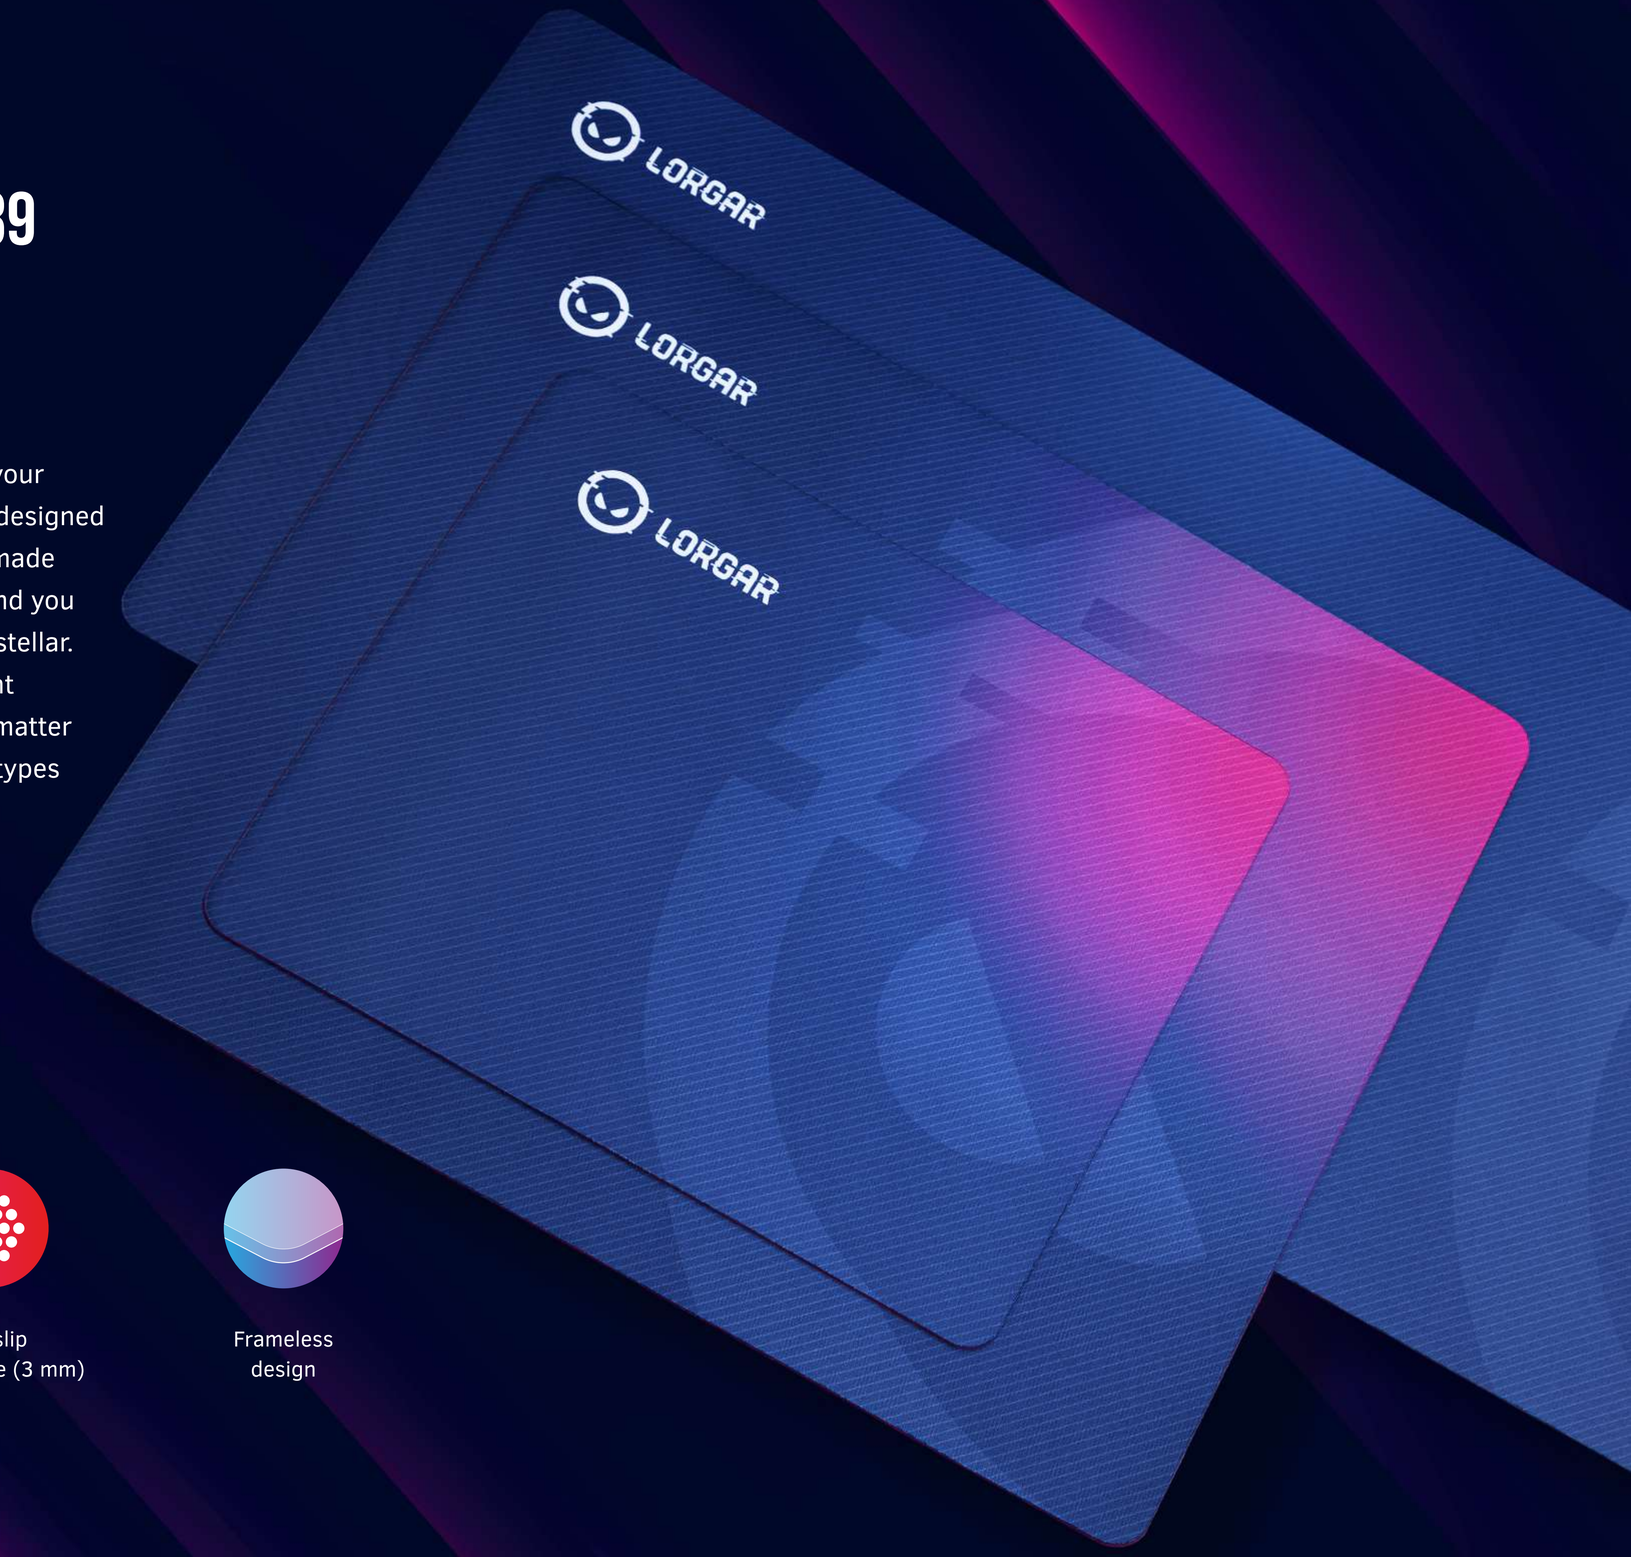

Gaming mouse pads

# MAIN 133, MAIN 135, MAIN 139 GAMING MOUSE PADS

These Lorgar gaming mousepads are going to change your perception of control. The Main High-Speed is a series designed for fast mouse movement. Its super glide surface was made possible thanks to the special low-resistance fibres – and you can rest assured the manoeuvrability of your mouse is stellar. Thick 3mm foam with a trimmed edge provides excellent comfort, and the anti-slip rubber base will stay put no matter what. Have no worries about compatibility – all sensor types work with these pads.

This series comes in three sizes: medium, large, and extra large. Choose the one that fits your gaming setup best!

Perfect gliding

Surface type: speed

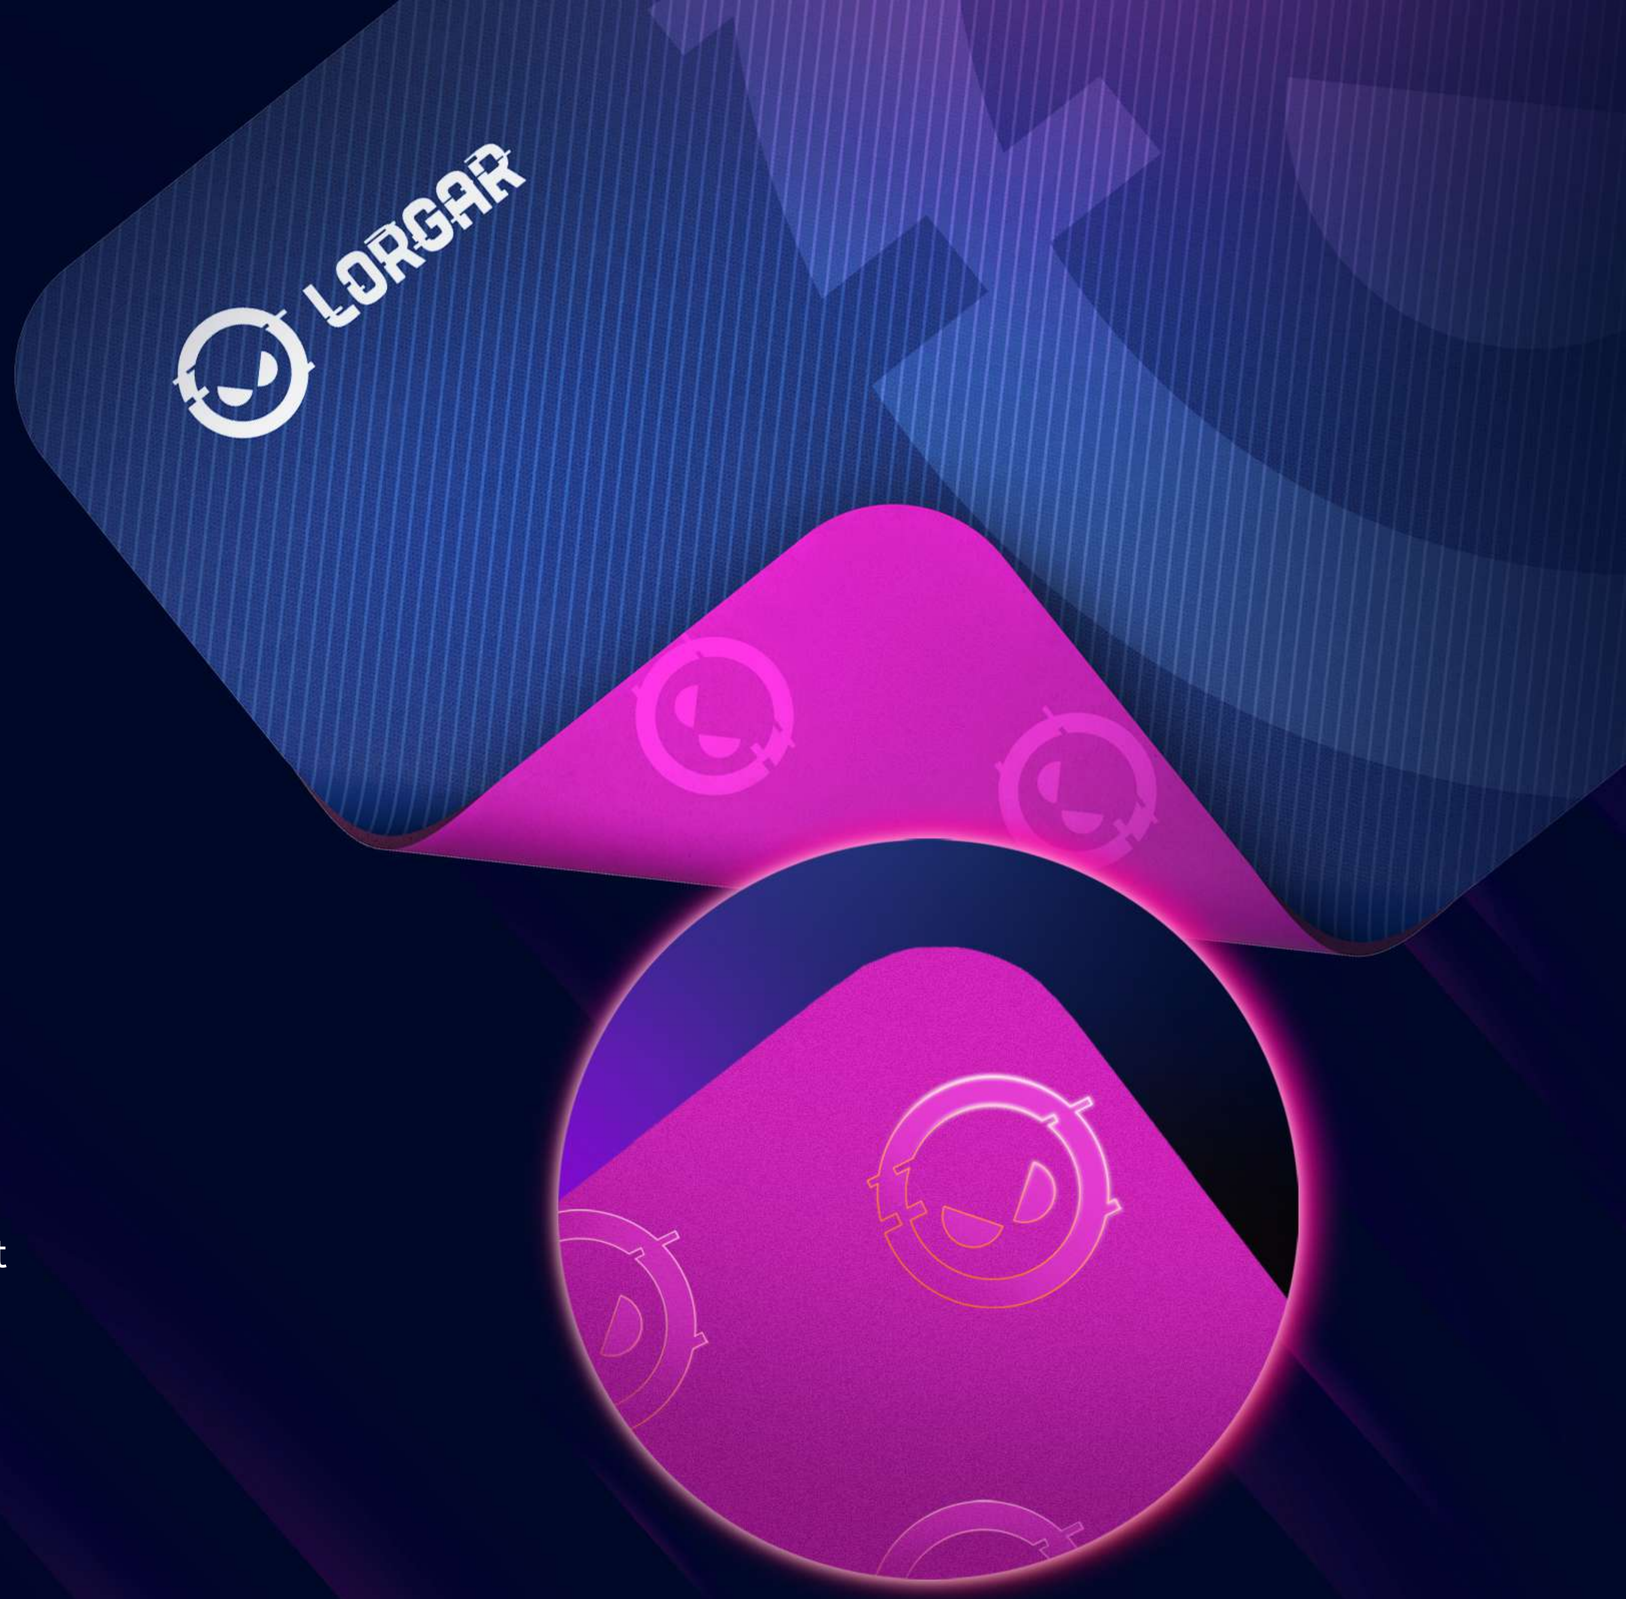

Anti-slip rubber base (3 mm)

Frameless design

# SUPERIOR GLIDE SURFACE

Crafted by the best engineers in the industry, the smooth, low-resistance fibres will make your mouse lightning fast. Super glide surface also ensures excellent manoeuvrability of the controller.

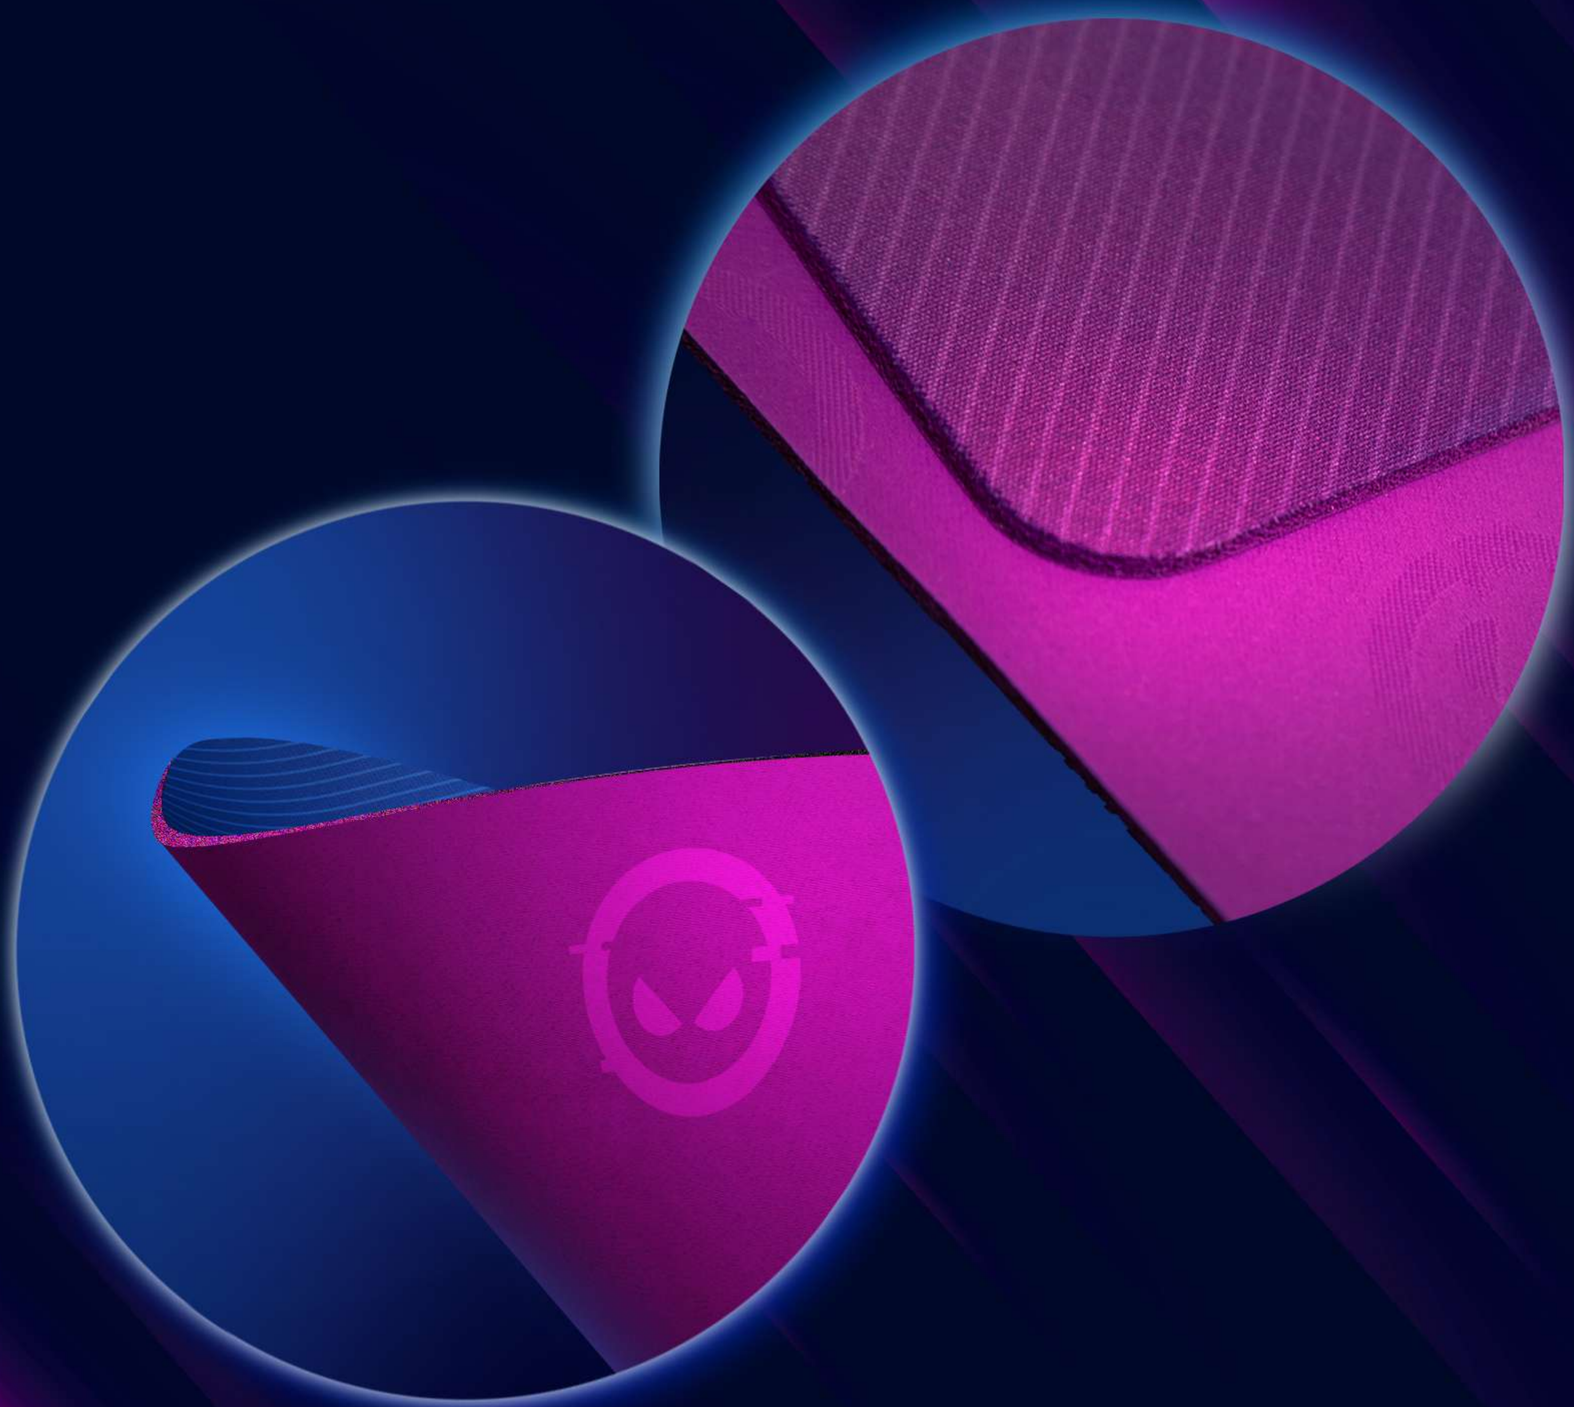

# ANTI-SLIP RUBBER BASE

The superior anti-slip rubber base is as good as glue. It is embossed with the Lorgar logo – gives at least +5 points to your skill. With the total pad thickness of 3mm, you'll be extra comfy.

# TRIMMED EDGES

The edge is trimmed for a smoother forearm experience.

# DIFFERENT SIZES

These come in three sizes:
Main 133 – Medium, 360×300mm
Main 135 – Large, 500×420mm
Main 139 – Extra Large, 900×360mm

# KEYCHAIN INSIDE

Be sure to retrieve
your branded Lorgar keychain
before you throw the package
away.
