Product name: ENDORFY GEM Plus Wireless Onyx White
Product code: EY6A015

The ENDORFY GEM Plus Wireless Onyx White is here to win it all: either by sheer power or thanks to its undeniable charm. With state-of-the-art components inside such as the PixArt PAW3395 and Kailh GM 8.0 microswitches, it gives you the edge in any virtual duel.

Its capabilities are so impressive, it's hard to put them into perspective — the sensor grants an unrivaled precision even at 26 000 DPI, with a maximum tracking speed of 16.51 m/s. That's almost 60 km/h, so you better buckle up before booting the PC. All of that wrapped up in a splendid white housing, weighing only 74 g — battery and ARGB included!

~~Snow~~ Onyx White
It's the elegant, delicate beauty that makes it timeless. We drew our inspiration for the Onyx White series from Mother Nature herself — modeling the mouse after a rare and durable mineral, the elegant white onyx.

Famous among connoisseurs for its high strength and extraordinary beauty, the gemstone is like a better and prettier version of marble. Luckily, the mouse isn't heavy as a rock — at only 74 g, the GEM Plus Wireless Onyx White is a true lightweight champion.

State-of-the-art sensor
We didn't pull any punches while deciding the inner workings of the GEM Plus Wireless Onyx White — inside, you'll find PixArt's best and newest PAW3395 sensor. It performs at levels previously thought impossible, with a maximum DPI of 26 000 and a maximum tracking speed of 16.51 m/s. That's almost 60 km/h!

While it's an absolute beast, it's also PixArt's most energy-efficient sensor up to date. This allows you to work or play longer, without having to constantly worry about the battery life. And to ensure the best fit possible, you can adjust Lift-Off distance, polling rate, and even debounce time for that extra edge against your opponents. Imagine the possibilities!

Light and proud
It's light like a feather and fast like a lightning — the GEM Plus Wireless Onyx White weighs only 74 g, battery and ARGB included, all encased in the shapely and versatile body. The only thing we got rid of is the cable.

The GEM Plus Wireless Onyx White is our nod to all the technology heroes who prefer a more classic design but without compromises. The closed case is extremely durable and abrasion-resistant — manufactured with the same Double Shot technology known from the long-lasting PBT keycaps.

The equipped PTFE mouse feet give it minimal resistance, ensuring effortless steering and further increasing the accuracy of your ~~shots~~ clicks.

Meet the Kailh GM 8.0
Don't let its adorable looks fool you — the GEM Plus Wireless Onyx White is a brawler at heart, capable of winning both a beauty pageant and a strongman

competition in one night. Thanks to the ultra-fast and durable Kailh GM 8.0 microswitches, you can click away to your heart's delight.

The Kailh GM 8.0 have quickly gained notoriety among tech enthusiasts and gamers around the globe. They're fast, battle-proven, and durable – their lifetime is estimated at 80 m clicks. If you're in the market for reliable microswitches that'll last years, then place your bets on the Kailh GM.

Unleash the ~~Kraken~~ mouse!
The early bounds of your desk no longer apply — take it where your conquest takes you (including your couch). The convenience of the GEM Plus Wireless Onyx White is hard to overstate.

You might instantly develop an allergy to cables. Consider yourself warned.

2.4 GHz wireless connectivity ensures a stable connection with 100% precision and 0 delays, giving you the edge in any duel. Just sit down and do your thing, wherever. All you need to do is plug in the adapter (conveniently hidden in a magnetic compartment on the bottom) into your computer and voilà.

Knight in shining armor
You can have your cake and eat it too — no need to choose between looks and power, the GEM Plus Wireless Onyx White provides you with both. Its striking white-and-grey coloring with ARGB backlight makes the mouse the crown jewel of your desktop collection of peripherals.

With the GEM Plus Wireless Onyx White, you can backlight the ENDORFY logo, the scroll wheel, and even the strip around the back of the case. Pick your own color or use one of the predefined effects – you can also quickly change the configuration using the dedicated software.

Instant recovery
It's made for ultramarathons — but are you? The GEM Plus Wireless Onyx White can operate at 100% for hours on end without even breaking a sweat, thanks to its heavy-duty battery and an extremely power-efficient sensor.

When the power level drops to dangerous levels (below 25%), the scroll wheel starts flashing red. It's a sign that a quick charging session is in order. But don't worry, you can just plug in the USB-C cable and continue gaming without interruptions.

~~Live~~ Click as you like
With the GEM Plus Wireless Onyx White in your hand, you ~~live~~ click as you like. Thanks to the dedicated software, you have full control over the mouse and all its perks. Make your own rules — change the sensitivity and LOD, customize the ARGB backlight, and record macros.

ENDORFY GEM Plus Wireless Onyx White – main features:
- RGB lighting 16.8M colors
- Ultralight design (74 g)
- PixArt PAW3395 sensor
- 26 000 maximum DPI

- Kailh GM 8.0 mechanical switches (80 million click life)
- 6 programmable buttons
- "Paracord" cable
- PTFE mouse feet

ENDORFY GEM Plus Wireless Onyx White – technical specifications:

- Product code: EY6A015
- EAN: 5903018666655
- Product type: gaming mouse
- Type of mice: wireless
- Color: white
- Dimensions: 126×65.7×38.5 mm
- Sensor: PixArt PAW3395
- Sensor type: optical
- Maximum tracking speed: 16.51 m/s
- Maximum sensitivity: 26 000 DPI
- Base sensitivity options:
  - 400
  - 800
  - 1000
  - 1500
  - 2000
  - 3000
- Microswitches: Kailh GM 8.0
- Microswitches service-life: 80 million clicks
- Connectivity:
  - Wireless 2.4 GHz
  - USB-C, cable length: 1.6 m
- Maximum polling rate: 1000 Hz
- Backlight type: ARGB
- Feet: PTFE
- Compatibility:
  - Windows
  - MacOS
  - Linux
- Software: yes (optional)
- Software compatibility: Windows 10
- Warranty: 24 months

ENDORFY GEM Plus Wireless Onyx White – logistics data:

- Retail box dimensions: 114.5×50×161 mm
- Weight (net): 74 (±1) g
- Weight (gross): 297 g
- Master carton dimensions: 570×345×385 mm
- Master carton weight (gross): 18.8 kg
- Product quantity in master carton: 60 pcs

Set includes:

- GEM Plus Wireless Onyx White mouse
- Detachable USB-C cable
- USB wireless receiver
- Extra set of mouse feet

- Sticker
- User manual
