TOUCHSCREENS

INFORMATION

Practical and cost-effective 17” touchscreen monitor for commercial and industrial environments

The ProLite T1731SR-B2S is designed for workplaces where touch interaction needs to be simple, reliable and practical. Its 5-wire resistive touch technology responds to almost any suitable input method, including a finger, glove, stylus or pen-like tool. This makes it ideal for environments where users work quickly, wear gloves or need dependable touch operation without relying on bare fingers.

With its IP54-rated front surface, the display is protected against dust and splashing water from the front, making it a strong choice for retail counters, restaurants, workshops, warehouses and light industrial applications.

The monitor also offers flexible analogue and digital inputs with USB touch support for easy integration. An adjustable ergonomic stand and integrated cable management help create a clean, comfortable and professional workspace.

Responsive touch for demanding environments

Resistive touch technology supports input via a finger, a gloved hand, a stylus or other suitable tools. Its durable design makes it a practical choice for a wide range of environments, from retail to restaurants or other applications where a smooth touch experience is

Reliable where conditions get tough

IP54 protection helps the monitor withstand dusty conditions and splashing water from the front, making it suitable for more demanding environments.

Comfortable and versatile use

The single-hinge stand allows smooth screen adjustment for comfortable, versatile use - with built-in cable management to keep your workspace neat.

Enjoy clear, immersive sound

Deliver clear, impactful audio directly from your monitor. Ideal for grabbing attention.
