WIRELESS GAMING MOUSE

PRODUCT FEATURES:

- The latest generation of Kailh optical switches provide ultra-fast response times, giving you a real advantage in dynamic gaming battles and reliability you can count on for a long time.
- The ergonomic shape for right-handed users ensures a secure grip and natural hand position, increasing comfort and precision during long, intense gaming sessions.
- The lightweight design allows for faster and more dynamic movements, reducing wrist strain and improving responsiveness in key moments of gameplay.
- The precise PAW3311 optical sensor guarantees stable and accurate tracking without delays, jumps or acceleration, even during sudden movements.
- Triple connectivity with 2.4 GHz, Bluetooth, and USB allows quick switching between modes and complete freedom to play without delays.
- Long battery life and intelligent power management allow you to focus on the game without constantly checking the charge level.
- Glass sliders with minimal friction guarantee exceptionally smooth mouse movement, which translates into faster reactions and greater precision in dynamic games.
